

Digital Services Act

Transparency Report for Edge

February 2025

Introduction

Microsoft Edge is a Chromium based browser that collects, processes, and store data to make web navigation and rendering of data faster, safer, and have fewer errors.

Data collected and processed by Microsoft Edge is to provide various connected experiences, services and features, provide recommendations, make product improvements and assist in planning future development, provide technical assistance, and protect users from online threats.

Microsoft Edge partners with Microsoft content services such as Copilot, Start (New Tab Page) and Bing (search and shopping feeds) and renders their content within the browser for an integrated experience.

This DSA Transparency Report is responsive to the obligations under DSA Article 15(1), Article 24(1), and Article 42(2)-(3). This Report provides information regarding the following topics as they pertain to the European Union:

- Content Moderation at Microsoft's Initiative
- Content Moderation & Automated Systems
- Content Moderation following a User Report
- Content Moderation Appeals
- Government Requests

Content Moderation at Microsoft's Initiative

Microsoft provides the information below in response to DSA Article 15(1)(c). This section reports data regarding content moderation Microsoft Edge engaged in on its own initiative, absent a user report.

Edge does not provide content or enable users to share or promote user content within the service – instead it renders content provided online and by other Microsoft products.

Therefore, Edge does not engage in content moderation within the meaning of the Digital Services Act.

Content Moderation & Automated Systems

Microsoft provides the information below in response to DSA Articles 15(1)(e).

Edge does not conduct content moderation within the meaning of the DSA and thus does not have automated systems related to content moderation.

Content Moderation following a User Report

Microsoft provides the information below in response to DSA Articles 15(1)(b)-(c).

Article 15(1)(b) is not applicable to Edge, as it is not a hosting service. With respect to Article 15(c), Edge does not conduct content moderation within the meaning of the DSA.

Content Moderation Appeals

Microsoft provides the information below in response to DSA Article 15(1)(d)

Microsoft Edge, as a web browser, does not maintain an internal complaints handling mechanism.

Government Requests

Microsoft provides the information below in response to DSA Article 15(1)(a)

Microsoft Edge did not receive Government Requests.
